

## Cheryl Spence-Lindsay

Cheryl in Song – Singer, Songwriter and Pianist – has had a love affair with music from the very beginning. In her native Jamaica, she found an unparalleled depth of self-expression in music that propelled her into becoming an avid singer and prolific songwriter, winning her first singing competition at age 14 and having her first publicly performed composition at age 15.

Cheryl co-founded New Creation (now New Creation Generation International-NCGI) and Eagles Christian Theatre Troupe, two ground-breaking, award-winning teams. Both perform extensively in Jamaica and internationally including the 2012 Fun in the Son Gospel Festival, Jamaica, and a private performance for the Prime Minister of Jamaica. Cheryl has been Vocalist, Songwriter, Music Director & Recording co-Producer for both groups.

Cheryl's hauntingly clear voice and winsome smile at once charm and delight her audiences, drawing them into her private musical reverie, eventually releasing them refreshed and inspired.
